Gentlemen:-

On April 13th, I wrote your Office for information regarding Valuation on old Copper Coins. Some dating back as far as 1700, So far I have received no answer, though I enclosed Stamped Envelope.

For fear the letter miscarried I

am writing for again.
He carries largely English half pennies,
though there are some French and
German, as well as Canadian &
United States, and they date from
1700 up to 1863 or thereabouts.
They have been in the family for
several generations, and are part
of an estate that should there
be any value on them, should
be settled
at Miss Demuth's office in
the Art Museum in Chicago,

they referred me to You.
I should consider it a favor
if You would give me Some
advice as early as possible.
Thanking You for any trouble
this may cause You, I am
Yours very truly.
Rebekah F. Peacock.

Dear Mr. Leon:

The enclosed letter will speak for itself.

The collection which Miss Pocock describes appears to be one of the usual type - something that has been "in the family for a long time". You will, of course, know how to handle it.

Very truly yours,
